It has been accepted for inclusion in WWU Honors College Senior Projects by an authorized administrator of Western CEDAR. For more information, please contact westerncedar@wwu.edu.

“The Mountain in Our Backyard”

Jordan Craft and Nathan Knoch

A short documentary discussing the impacts of climate change on Mt. Baker, specifically how glacier recession affects instream flows. Lower instream flows affect water supply, water quality, and salmon populations for the greater Bellingham area and the Nooksack Tribe.
