

Apr 4th, 4:30 PM - 4:45 PM

The chemical and biological effectiveness of bioretention for preventing sublethal and lethal toxicity in coho embryos exposed episodically to urban stormwater runoff during development

Jenifer K. McIntyre

Washington State University, jen.mcintyre@wsu.edu

Jessica I. Lundin

United States. National Marine Fisheries Service, jessica.lundin@noaa.gov

Jay W. Davis

U.S. Fish and Wildlife Service, jay_davis@fws.gov

John Incardona

Northwest Fisheries Science Center (U.S.), John.Incardona@noaa.gov

Julann Spromberg

Northwest Fisheries Science Center (U.S.), julann.spromberg@noaa.gov
