Implementation Strategies

We are
continuing to
grow and evolve!

A person is shown from the chest down, wearing a dark long-sleeved shirt, sitting on a dark blue and red patterned rug. They are holding a large, cylindrical woven basket with a red and white striped interior. To their left is a smaller, shallow woven basket with a black and white pattern. To their right is another large woven basket. A single white feather lies horizontally across the rug in front of the person. The background is a plain, light-colored wall.

We are creating an inclusive
community of practice
