BELLINGHAM SCHOOL BOND SURVEY 1995 - Revised 9/13/95

1. First, we'd like to know how familiar you are with Bellingham schools. Would you say you have

- 1. A great deal of information
- 2. Quite a bit
- 3. Some
- or 4. Very little information about Bellingham schools.

2. If there is a school bond election this Winter, how likely is it that you will vote? Would you say..

- 1. Definitely
- 2. Probably
- 3. Probably Not ==> **Skip to Q. 5, middle of page 2**
- or 4. Definitely Not ==> **Skip to Q. 5, middle of page 2**

Now we have a few questions about possible capital construction projects that would be supported by school bonds.

3. I'll read some projects that have been proposed. For each one, would you please indicate whether, if you were voting today, you would vote yes, vote no, or be undecided.... The first two projects involve high schools. As you may know, Bellingham School District is currently building a new high school, as approved by voters in 1994. The two existing high schools are Bellingham High and Sehome High.

The first proposed project is to ...

	YES	NO	UNDECIDED
a. Renovate Bellingham high school, for about 22 million dollars. Would you.... vote yes... vote no.. or... be undecided....	1	2	9
b. Second, renovate Bellingham high school and modernize Sehome high school at a combined cost of about 33 million. Would you vote yes, vote no, or be undecided?	1	2	9
c. Construct a new elementary school at a cost of about 8 million. (REPEAT SCALE AS NECESSARY)	1	2	9
d. Continue to expand and upgrade instructional <u>technology</u> , at a cost of about 4 million.	1	2	9

4. Now I want to ask about the different total levels of bond issues that could be brought to voters. For each level, please indicate whether you would vote yes or no if the election were held today.... or if you would feel undecided. First . . .

a. Would you vote yes or no for a \$30 million dollar bond, that would add about \$13 per year for 18 years over the tax presently paid on a house assessed at \$100,000?

1. YES

2. NO 9. UNDEC

<p>b. Would you vote yes or no on a 35 million bond?</p> <p>1. YES 2. NO 9. UNDEC.</p>	<p>d. Would you vote yes or no on a 25 million bond?</p> <p>1. YES 2. NO 9. UNDEC.</p>
<p>c. IF 1: How about a 40 million bond?</p> <p>1. YES 2. NO 9. UNDEC.</p>	<p>e. IF 2 OR 9: How about a 20 million bond?</p> <p>1. YES 2. NO 9. UNDEC.</p>

Q. 5. Now we have some questions about schools in Bellingham. I will read some statements and ask you to indicate whether you agree or disagree with each one and whether or not you feel strongly about your answer. First...
